4. General Terms and Conditions

4.1 Goods and cargo handling - general

Copenhagen Malmö Port AB reserves the right to charge any extra costs as may be found reasonable should cargo-handling, for reasons beyond Copenhagen Malmö Port AB 's control, proceed more slowly than anticipated or be in any way out of the ordinary, e.g. stowage in holds unsuitable for the goods to be loaded or which are rendered difficult of access because of cargo already aboard.

4.2 Loading plans and booking notes

To facilitate the planning necessary for loading/unloading, the vessel or its agent shall submit booking notes and loading plans to Copenhagen Malmö Port AB in plenty of time before the vessel is due, but no later than 1200 the weekday before arrival.

4.3 Safety regulations

Vessels shall follow the instructions of the Swedish Work Environment Authority for the loading and unloading of cargo vessels. The ship shall provide all necessary safety devices, such as gangways, ladders, anti-fall railings for use when the hatches are open, and other safety equipment. All work to follow AFS 2001:9, Harbour work (Arbetsmiljöverkets författningssamling).

4.4 Liability for payment

The party liable to make payment to Copenhagen Malmö Port AB shall be the party from which Copenhagen Malmö Port AB received the order, regardless of whether such party is acting on behalf of a principal or employer.

4.5 Terms of payment

Payment shall be made 21 days net unless otherwise agreed in writing. Overdue payments will be charged with a fee of 100 sek + interest (the lending rate of the Swedish Riksbank + statutory rate).

5. Liability

5.1 All stevedoring and other services is performed in accordance with the Ports of Sweden General Conditions 1989 for Terminal Operations and/or General conditions of the Nordic Association of Freight Forwarders of 1985 (NSAB 2015) and Copenhagen Malmö Port AB 's General Terms and Conditions.

5.2 Copenhagen Malmö Port AB shall not be held responsible for and/or shall not be held liable to pay compensation for any damage or expenses incurred in consequence of i.e. lockout, strikes, blockades, epidemics, weather or other circumstances beyond Copenhagen Malmö Port AB's control.

5.3 Copenhagen Malmö Port AB shall be held liable only for such damage to carriers or goods as can be shown to have been caused by the negligence of Copenhagen Malmö Ports AB's own personnel. Any damage thereby occasioned shall be reported without delay. Claims for damages may be taken into consideration only if a report is submitted within reasonable time in advance of the ships departure, so that an inspection can be carried out. Copenhagen Malmö Port AB shall not be held liable for damage to floors and ceilings which are uneven or otherwise deficient, nor for damage to tank covers, piping or fastening devices which are inadequately protected; nor shall Copenhagen Malmö Port AB be held liable for damage to holds in vessels unsuitable for cargoes of the type which the enterprise has been instructed to handle. Under such circumstances, cargoes will be handled on the understanding that the ship and Shipping Company will themselves accept full responsibility for any damage that may be incurred.

5.4 Copenhagen Malmö Port AB shall not be held liable for the stowage result and shall not be expected to pay compensation for dead freight, demurrage or other costs.

5.5 CMP together with its clients or partners operates in a customs regulated environment. This means that handling and transport of goods through CMP premises is subject to customs regulations of the European Union and custom legislations of Denmark and Sweden. CMP is obliged to fulfil these regulations and legislations which further means that clients and partners with a business relation to CMP, handling their goods on CMP premises, also must comply with these regulations. For general information, please refer to http://ec.europa.eu/taxation_customs/index_en.htm and legislations for Denmark and Sweden. For questions of local CMP conditions, please find more information on <http://www.cmport.com/>
